

Training Guideline

The training program will be conducted for a duration of **one week**.

Upon completion of the training, an **assessment test** will be conducted to evaluate your understanding of the concepts covered.

Based on your assessment performance:

- If you achieve a satisfactory score, you will be considered for deployment to the project.
- If the required score is not achieved, the training program may be reinitiated to strengthen your understanding of the subject.

Please ensure that you complete all assigned tasks and learning activities within the stipulated timeline.
